To Our Stockholders:

We are pleased to invite you to attend a Special Meeting of Stockholders (the "Meeting") of TCG BDC, Inc. ("we," "us," "our," "TCG BDC" or the "Company") to be held on September 15, 2017, at 8:30 a.m., Eastern Time, at the offices of Sullivan & Cromwell LLP, 535 Madison Avenue, New York, NY 10022.

The following pages include a formal notice of the Meeting and our proxy statement. The Notice of Internet Availability of Proxy Materials you received in the mail and this proxy statement describe the matter on the agenda for the Meeting. Please read these materials so that you will know what we intend to act on at the Meeting.

At the Meeting, you will be asked to consider and vote upon a proposal to approve the Amended and Restated Investment Advisory Agreement (the "Amended Advisory Agreement") by and between the Company and its investment adviser, Carlyle GMS Investment Management L.L.C. (the "Investment Adviser"), which, if approved by the required vote of the Company's stockholders, is expected to become effective as of the date on which such stockholder approval is received and will amend and restate the existing investment advisory agreement, dated as of April 3, 2013, by and between the Company and the Investment Adviser (the "Existing Advisory Agreement"). The Amended Advisory Agreement will, among other changes, (i) reduce the incentive fee payable by the Company to the Investment Adviser from an annual rate of 20% to an annual rate of 17.5%, (ii) delete the incentive payment deferral test, and (iii) include in the Company's pre-incentive fee net investment income, in the case of investments with a deferred interest feature, accrued income that the Company has not yet received in cash.

A copy of the Amended Advisory Agreement is attached as Annex A to the accompanying proxy statement and is marked to show changes to the Existing Advisory Agreement. You are encouraged to read it in its entirety, including the annex thereto.

After careful consideration, our Board of Directors, including our directors that are not "interested persons" as defined in Section 2(a)(19) of the Investment Company Act of 1940, as amended, has determined that the Amended Advisory Agreement is in the best interests of the Company and has unanimously approved the Amended Advisory Agreement. **Our Board of Directors unanimously recommends that you vote "FOR" the approval of the Amended Advisory Agreement.**

This Meeting is particularly significant and your vote is extremely important. The Amended Advisory Agreement must be approved by the affirmative vote of the holders of a majority of the outstanding shares of the Company's common stock for purposes of the Investment Company Act of 1940, as amended. If you fail to vote, the effect will be the same as a vote against the approval of the Amended Advisory Agreement. If approved by the Company's stockholders, the Amended Advisory Agreement is expected to become effective as of the date on which such stockholder approval is received.

It is important that your shares be represented at the Meeting, regardless of whether you plan to attend the Meeting in person. Please vote your shares as soon as possible through any of the voting options available to you as described in our proxy statement.

On behalf of management and our Board of Directors, we thank you for your continued support of TCG BDC.

Sincerely,

/s/ Orit Mizrachi

Notice of Special Meeting of the Stockholders

TO OUR STOCKHOLDERS:

NOTICE IS HEREBY GIVEN that a Special Meeting of Stockholders (the "Meeting") of TCG BDC, Inc. ("we," "us," "our," the "Company" or "TCG BDC") will be held at the offices of Sullivan & Cromwell LLP, 535 Madison Avenue, 7th Floor, New York, NY 10022 on September 15, 2017, at 8:30 a.m. Eastern Time. The Meeting is being held for the following purpose: to consider and vote upon a proposal to approve the Amended and Restated Investment Advisory Agreement (the "Amended Advisory Agreement") by and between the Company and its investment adviser, Carlyle GMS Investment Management L.L.C. (the "Investment Adviser").

A copy of the Amended Advisory Agreement is attached as Annex A to the accompanying proxy statement and is marked to show changes to the existing investment advisory agreement, dated as of April 3, 2013, by and between the Company and the Investment Adviser (the "Existing Advisory Agreement"). As previously disclosed, in connection with the Company's initial public offering (the "Company IPO"), which the Company completed on June 19, 2017, the Company's Investment Adviser agreed voluntarily to charge 17.5% instead of 20% with respect to, or effectively waive 2.5% from, the entire calculation of the incentive fees payable by the Company to the Investment Adviser under the Existing Advisory Agreement beginning on the first full quarter following the consummation of the Company IPO until the earlier of (i) October 1, 2017 and (ii) the date that the Company's stockholders vote on the approval of a proposed amendment to the Existing Advisory Agreement, which would include reducing the 20% incentive fee based on pre-incentive fee net investment income and capital gains to 17.5% and deleting the payment deferral test related to the incentive fee. Accordingly, the Company is now seeking stockholder approval of the Amended Advisory Agreement. The Amended Advisory Agreement will, among other changes, (i) reduce the incentive fee payable by the Company to the Investment Adviser from an annual rate of 20% to an annual rate of 17.5%, (ii) delete the incentive fee payment deferral test and (iii) include in the Company's pre-incentive fee net investment income, in the case of investments with a deferred interest feature, accrued income that the Company has not yet received in cash.

The Board of Directors of the Company has fixed the close of business on July 20, 2017 (the "Record Date") as the record date for the Meeting. Only stockholders of record at the close of business on the Record Date are entitled to notice of and to vote at the Meeting or at any postponement or adjournment thereof.

We are furnishing a proxy statement and proxy card to our stockholders on the internet, rather than mailing printed copies of those materials to each stockholder. Since you received a Notice of Internet Availability of Proxy Materials by mail, you will not receive a printed copy of the proxy statement and proxy card unless you request them. Instead, the Notice of Internet Availability of Proxy Materials will instruct you as to how you may access and review the proxy statement, and vote your proxy.

You vote is extremely important to us. If you are unable to attend the Meeting, we encourage you to vote your proxy by following the instructions provided on the Notice of Internet Availability of Proxy Materials or the proxy card. Stockholders may also request from us free of charge printed copies of the proxy statement and proxy card by following the instructions on the Notice of Internet Availability of Proxy Materials. In the event there are not sufficient votes for a quorum at the time of the Meeting, the Meeting may be adjourned in order to permit further solicitation of proxies by the Company.

Our Board of Directors, including our directors that are not “interested persons” as defined in Section 2(a)(19) of the Investment Company Act of 1940, as amended, unanimously recommends that you vote “FOR” the approval of the Amended Advisory Agreement.

The enclosed proxy statement provides a detailed description of the Meeting, the Amended Advisory Agreement and other related matters. **We urge you to read the proxy statement, including Annex A, carefully and in their entirety.**

By Order of the Board of Directors,

/s/ Matthew Cottrell

PROXY STATEMENT
FOR A SPECIAL MEETING OF STOCKHOLDERS

The accompanying proxy is solicited on behalf of the Board of Directors (the “Board” or the “Directors”) of TCG BDC, Inc., which is sometimes referred to in this proxy statement as “we,” “us,” “our,” “TCG BDC” or the “Company,” for use at a Special Meeting of Stockholders (the “Meeting”) to be held at the offices Sullivan & Cromwell LLP, 535 Madison Avenue, New York, NY 10022 on September 15, 2017, at 8:30 a.m. Eastern Time. Only holders of record of our common stock at the close of business on July 20, 2017 (the “Record Date”) will be entitled to notice of and to vote at the Meeting. At the close of business on the Record Date, we had 61,859,848 shares of common stock outstanding and entitled to vote at the Meeting.

In accordance with rules and regulations adopted by the Securities and Exchange Commission (the “SEC”), we have elected to provide our stockholders access to our proxy materials on the Internet, including the proxy statement and the accompanying form of proxy (collectively, the “Proxy Statement”). Accordingly, a Notice of Internet Availability of Proxy Materials (the “Notice”) was distributed on or about July 25, 2017 to our stockholders of record as of the close of business on the Record Date. Stockholders are able to (1) access the proxy materials on a website referred to in the Notice or (2) request that a printed set of the proxy materials be sent, at no cost to them, by following the instructions in the Notice. You will need your 12-digit control number that is included with the Notice to authorize your proxy for your shares through the Internet. If you have not received a copy of this Notice, please contact us by mail sent to the attention of the Secretary of the Company, Matthew Cottrell, at our principal executive offices located at 520 Madison Avenue, 40th Floor, New York, NY 10022 or you can call us by dialing (212) 813-4900.

All proxies will be voted in accordance with the instructions contained therein. Unless contrary instructions are specified, if the accompanying proxy is executed and returned (and not revoked) prior to the Meeting, the shares of TCG BDC’s common stock represented by the proxy will be voted “**FOR**” the approval of the Amended and Restated Investment Advisory Agreement (the “Amended Advisory Agreement”) by and between the Company and its investment adviser, Carlyle GMS Investment Management L.L.C. (the “Investment Adviser”). Should any matter not described above be properly presented at the Meeting, the named proxies will have discretion to vote the shares thereby represented in accordance with their judgment.

INFORMATION ABOUT THE SPECIAL MEETING OF STOCKHOLDERS

Date, Time and Place

The Meeting will be held at the offices of Sullivan & Cromwell LLP, 535 Madison Avenue, New York, NY 10022 on September 15, 2017, at 8:30 a.m. Eastern Time. This Proxy Statement is furnished to you and other stockholders of the Company in connection with the solicitation of proxies by the Company's Board to be used at the Meeting and any adjournments or postponements thereof.

Purpose

At the Meeting, you will be asked to consider and vote upon the following matter: to approve the Amended and Restated Investment Advisory Agreement by and between the Company and the Investment Adviser (the "Advisory Agreement Proposal").

Board Recommendation

The Company's Board unanimously recommends that you vote "**FOR**" the Advisory Agreement Proposal.

Record Date, Voting Rights and Quorum

Only holders of record of our common stock at the close of business on Record Date will be entitled to notice of and to vote at the Meeting. At the close of business on the Record Date, we had 61,859,848 shares of common stock outstanding and entitled to vote at the Meeting.

Holders of our common stock are entitled to one vote for each share held as of the Record Date.

A majority of the outstanding shares of common stock must be present or represented by proxy at the Meeting in order to have a quorum. If you have properly voted by proxy online, by phone or via mail and did not subsequently revoke your proxy, you will be considered part of the quorum. We will count "abstain" votes as present for the purpose of establishing a quorum for the transaction of business at the Meeting. If at any time shares are held through brokers, we will count broker non-votes, if any, as present for the purpose of establishing a quorum. A broker non-vote occurs when a broker holding shares for a beneficial owner votes on some matters on the proxy card, but not on others, because the broker does not have instructions from the beneficial owner or discretionary authority (or declines to exercise discretionary authority) with respect to those other matters. Notwithstanding the foregoing, we do not expect many, if any, broker non-votes at the Meeting because there are no routine proposals to be voted on at the Meeting. **For this reason, it is imperative that stockholders vote or provide instructions to their broker as to how to vote.**

Votes Required to Approve the Advisory Agreement Proposal

Approval of the Advisory Agreement Proposal requires the affirmative vote of the holders of a majority of the outstanding shares entitled to vote at the Meeting. The Investment Company Act of 1940, as amended (the "Investment Company Act") defines "a majority of outstanding voting securities" of the Company as (a) 67% or more of the voting securities present at the Meeting if the holders of more than 50% of the outstanding voting securities of the Company are present or represented by proxy or (b) more than 50% of the outstanding voting securities of the Company, whichever is less. Abstentions and broker non-votes will not count as affirmative votes cast and will therefore have the same effect as votes against the Advisory Agreement Proposal. If approved by the Company's stockholders, the Amended Advisory Agreement is expected to become effective as of the date on which such stockholder approval is received.

The inspector of elections appointed for the Meeting will separately tabulate affirmative and "abstain" votes and any broker non-votes.

Voting, Proxies and Revocation

Attending the Special Meeting

All Company common stockholders, including stockholders of record and stockholders who hold their shares through banks, brokers or other holders of record, are invited to attend the Meeting. Stockholders of record can vote in person at the Meeting. If you are not a stockholder of record, you must obtain a legal proxy executed in your favor from the record holder of your shares to be able to vote in person at the Meeting. If you plan to attend the Meeting, you must hold your shares in your own name or have a letter from the record holder of your shares confirming your ownership. In addition, you must bring a form of personal photo identification with you in order to be admitted to the Meeting. The Company reserves the right to refuse admittance to anyone without proper proof of share ownership or without proper photo identification.

Voting by Stockholder of Record

If you are the stockholder of record of your shares of the Company's common stock, you can ensure that your shares are voted at the Meeting by submitting your voting instructions (i) by mailing your signed and voted proxy back in the postage-paid envelope provided, (ii) online at proxyonline.com using your 12-digit control number in the box at the right of your proxy card to authorize your proxy for your shares, or (iii) by dialing 866-796-7181. If you submit a proxy, the named proxies for the Meeting, Matthew Cottrell and Orit Mizrachi (or their duly authorized designees), will vote your shares at the Meeting as you indicate. In the absence of instructions to the contrary, it is the intention of the persons named as proxies to vote such proxy "FOR" the Advisory Agreement Proposal, and to vote on any other matters properly presented at the Meeting in their judgment. You can also attend and vote during the Meeting in person. Submitting your instructions or proxy by any of the other methods will not affect your ability to attend and vote during the Meeting.

Voting of Shares Held in "Street Name"

If your shares are held for your account by a broker, bank or other institution or nominee, your institution or nominee will not vote your shares unless you provide instructions to your institution or nominee on how to vote your shares. You should instruct your institution or nominee how to vote your shares by following the voting instructions provided by your institution or nominee.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by notice from the person giving the proxy at any time before it is exercised. Any such notice of revocation should be provided by the stockholder in the same manner as the proxy being revoked and delivered to the Company's proxy tabulator.

Adjournment of Meeting

In the event that a quorum is not achieved at the Meeting, either in person or represented by proxy, the chairman of the Meeting shall have the power to adjourn the Meeting *sine die* or from time to time not more than 120 days after the original Record Date without notice other than the announcement at the Meeting to permit further solicitation of proxies. If the Meeting is adjourned and a quorum is present at such adjournment, any business may be transacted which might have been transacted at the Meeting as originally notified.

The stockholders present either in person or by proxy at a meeting which has been duly called and at which a quorum has been established may continue to transact business until adjournment, notwithstanding the withdrawal from the meeting of enough stockholders to leave fewer than would be required to establish a quorum.

Expenses of Soliciting Proxies

The Company will bear the expense of the solicitation of proxies for the Meeting, including the cost of preparing, printing and distributing the Notice and, if requested, this Proxy Statement, the accompanying Notice of Special Meeting of Stockholders and the proxy card.

In addition to the solicitation of proxies by mail or e-mail, proxies may be solicited in person and by telephone or facsimile transmission by Directors and officers of the Company, or certain employees of and affiliates of the Investment Adviser without special compensation therefor. The Company has also retained AST Fund Solutions, LLC to assist in the solicitation of proxies for a base fee of approximately \$2,500, plus additional fees per contact with stockholders and for reimbursement of reasonable out-of-pocket expenses.

Householding of Proxy Materials

Under rules adopted by the SEC, companies and intermediaries (e.g., brokers) may satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement and annual report addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies. The rules also apply to the delivery of the Notice.

The Company’s amended and restated bylaws, as amended (the “Bylaws”), allow us to give a single notice to all stockholders who share an address, unless such stockholder objects to receiving such single notice or revokes a prior consent to receiving such single notice. A single copy of the Notice or, if applicable, our Proxy Statement, will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. If you have received notice from your broker that it will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. We will promptly deliver a separate copy of these documents to you upon written or oral request to the attention of the Secretary of the Company, Matthew Cottrell, at our principal executive offices located at 520 Madison Avenue, 40th Floor, New York, NY 10022 or 212-813-4900. If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate proxy statement and annual report, please notify your broker. Stockholders who currently receive multiple copies of the proxy statement and annual report at their addresses and would like to request “householding” of their communications should contact their brokers.

Contact Information for Proxy Solicitation

You can contact us by mail sent to the attention of the Secretary of the Company, Matthew Cottrell, at our principal executive offices located at 520 Madison Avenue, 40th Floor, New York, NY 10022. You can call us by dialing 212-813-4900. You can access our proxy materials online at <https://proxyonline.com/docs/tcgbdc.pdf/> using the control number found on your Notice and in the box at the right of your Proxy Card.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

Beneficial ownership is determined in accordance with the rules and regulations of the SEC. These rules generally provide that a person is the beneficial owner of securities if such person has or shares the power to vote or direct the voting thereof, or to dispose or direct the disposition thereof or has the right to acquire such powers within 60 days. The following table sets forth, as of the Record Date, the beneficial ownership as indicated in the Company's books and records of each current Director, each executive officer of the Company, the executive officers and Directors as a group, and each person known to us to beneficially own 5% or more of the outstanding shares of our common stock. Ownership information for those persons who beneficially own 5% or more of the outstanding shares of our common stock is based upon Schedule 13G or other filings by such persons with the SEC and other information obtained from such persons.

The percentage ownership is based on 61,859,848 shares of common stock outstanding as of the Record Date. To our knowledge, except as indicated in the footnotes to the table, each of the stockholders listed below has sole voting and/or investment power with respect to shares beneficially owned by such stockholder. Unless otherwise indicated by footnote, the address for each listed individual is 520 Madison Avenue, 40th Floor, New York, NY 10022.

PROPOSAL NO. 1
APPROVAL OF THE AMENDED AND RESTATED INVESTMENT ADVISORY AGREEMENT

The Company is seeking approval of the Amended Advisory Agreement between the Company and the Investment Adviser, a copy of which is attached hereto as Annex A and is marked to show changes to the Existing Advisory Agreement. The following description of the terms of the Amended Advisory Agreement and the Existing Advisory Agreement is a summary only and is qualified in its entirety by reference to Annex A.

If the Amended Advisory Agreement is approved by the Company's stockholders, the Amended Advisory Agreement is expected to become effective as of the date on which such approval is received. If the Amended Advisory Agreement is not approved by the Company's stockholders, the Existing Advisory Agreement will continue in effect, the deferral provision will remain in effect, accrued income that the Company has not yet received in cash in the case of investments with a deferred interest feature will continue to be excluded from the Company's pre-incentive fee net investment income, the incentive fee will again be calculated based on 20% (and not 17.5%), and the Board will consider various alternatives, including seeking subsequent approval of a new investment advisory agreement by the Company's stockholders.

Material Changes to the Existing Advisory Agreement and Reasons for the Changes

As previously disclosed, in connection with the Company's initial public offering (the "Company IPO"), which the Company completed on June 19, 2017, the Company's Investment Adviser agreed voluntarily to charge 17.5% instead of 20% with respect to, or effectively waive 2.5% from, the entire calculation of the incentive fees payable by the Company to the Investment Adviser under the Existing Advisory Agreement beginning on the first full quarter following the consummation of the Company IPO until the earlier of (i) October 1, 2017 and (ii) the date that the Company's stockholders vote on the approval of a proposed amendment to the Existing Advisory Agreement, which would include reducing the 20% incentive fee based on pre-incentive fee net investment income and capital gains to 17.5% and deleting the payment deferral test related to the incentive fee. Accordingly, the Company is now seeking stockholder approval of the Amended Advisory Agreement. As described in more detail below in "—Terms of the Existing Advisory Agreement and the Amended Advisory Agreement," the material terms of the Amended Advisory Agreement will be substantially the same as the Existing Advisory Agreement, except that the Amended Advisory Agreement will provide for (i) a reduction of the incentive fee payable by the Company to the Investment Adviser from an annual rate of 20% to an annual rate of 17.5%, (ii) the deletion of the incentive fee payment deferral test, and (iii) the inclusion in the Company's pre-incentive fee net investment income, in the case of investments with a deferred interest feature, accrued income that the Company has not yet received in cash.

As noted above, approval of the Amended Advisory Agreement would reduce the incentive fees payable by the Company to the Investment Adviser both with respect to the portion of the incentive fees based on pre-incentive fee net investment income and the portion of the incentive fees based on capital gains whereas including in the Company's pre-incentive fee net investment income accrued income that the Company has not yet received in cash would accelerate and potentially increase the payment of incentive fees payable by the Company to the Investment Adviser. Approval of the Amended Advisory Agreement would also eliminate the incentive fee payment deferral test. This feature of the Existing Advisory Agreement defers payment of any incentive fee otherwise earned by the Investment Adviser and payable as an expense of the Company if, during the most recent four full calendar quarter period ending on or prior to the date such payment is to be made, the sum of (a) the aggregate distributions to the Company's stockholders and (b) the change in net assets (defined as gross assets less indebtedness and before taking into account any incentive fees payable during the period) is less than 6.0% of the Company's net assets (defined as gross assets less indebtedness) at the beginning of such period. Under the Existing Advisory Agreement, any deferred incentive fees are carried over for payment in subsequent calculation periods. Accordingly, although elimination of the deferral test could accelerate the timing for payment of incentive fees by the Company to the Investment Adviser, it will have no impact on the incentive fees expensed by the Company.

The table below compares the annual advisory fees earned by the Investment Adviser under the Existing Advisory Agreement for the year ended December 31, 2016 (without giving effect to the irrevocable fee waiver by the Investment Adviser of a portion of the base management fees, which is scheduled to terminate upon the completion of the first full quarter after the completion of the Company IPO) to the pro forma annual advisory fees assuming the Amended Advisory Agreement had been in effect for the year ended December 31, 2016.

Annual Advisory Fees (\$ in thousands, other than percentages)	Existing Advisory Agreement	Amended Advisory Agreement	Difference
Base Management Fee	\$ 18,539	\$ 18,539	0.0 %
Incentive Fees	\$ 14,905	\$ 13,042	(12.5)%
Total	\$ 33,444	\$ 31,581	(5.6)%

The Investment Adviser would have received the same amount of incentive fees from inception through December 31, 2016, if the incentive fee payment deferral test was not included in the Existing Advisory Agreement originally. In addition, the impact on the amount of incentive fees that the Investment Adviser would have received if the Existing Advisory Agreement originally provided that pre-incentive fee net investment income included, in the case of investments with a deferred interest feature, accrued income that the Company had not yet received in cash would have been *de minimis* from inception through December 31, 2016.

Recommendation of the Board

In accordance with Section 15(a) and 15(c) of the Investment Company Act, at an in-person meeting of the Board held on May 30, 2017, the Board, including a majority of the directors who are not “interested persons” as defined in Section 2(a)(19) of the Investment Company Act (each, an “Independent Director” and each director who is an “interested person” as defined in Section 2(a)(19) of the Investment Company Act, an “Interested Director”), approved the Amended Advisory Agreement as being in the best interest of the Company and its stockholders. The Board then directed that the Amended Advisory Agreement be submitted to the Company’s stockholders for approval with the Board’s recommendation that the stockholders vote to approve the Amended Advisory Agreement.

In its consideration of the Amended Advisory Agreement, the Board considered the information it had received relating to, among other things:

- the nature, quality and extent of the advisory and other services to be provided to the Company by the Investment Adviser;
- the investment performance of the Investment Adviser;
- comparative data with respect to advisory fees or similar expenses paid by other business development companies (“BDCs”), investment companies and other accounts, if any, of the Investment Adviser with similar investment objectives;
- the Company’s projected operating expenses and expense ratio compared to BDCs, investment companies and other accounts, if any, of the Investment Adviser with similar investment objectives;
- the costs of the services to be provided and profits to be realized by the Investment Adviser and its affiliates from the relationship with the Company;
- the extent to which economies of scale would be realized as the Company continues to grow;
- information about the services to be performed and the personnel performing such services under its respective Amended Advisory Agreement;
- the organizational capability and financial condition of the Investment Adviser; and
- the possibility of obtaining similar services from other third-party service providers or through an internally managed structure.

Nature, Extent and Quality of Services Provided

In assessing the quality of the services to be provided by the Investment Adviser under the Amended Advisory Agreement, the Board noted that it most recently concluded that it was satisfied with the nature, extent and quality of the services to be provided by the Investment Adviser under the Existing Advisory Agreement in connection with its approval of, including the approval of a majority of the Independent Directors of, the continuance of the Existing Advisory Agreement at an in-person Board meeting on March 20, 2017.

The Board noted that it had previously considered the Company's portfolio performance, which is provided to the Board on a regular basis, to the performance of other BDCs with comparable investment objectives and to appropriate indices. The Board further noted that, based on information previously provided by the Investment Adviser, including the Investment Adviser's responses to a detailed series of questions as well as the compliance policies and procedures of the Investment Adviser, the Company and certain of the Company's service providers, the Board considered the Investment Adviser's performance in providing services related to corporation operations, including preparation and filing of various reports, maintenance of general organizational and corporate records and accounts, administration of the affairs of the Company, including relationships with the Company's various service providers, and compliance with applicable laws and regulations.

After considering the Investment Adviser's specific responsibilities in all aspects of day-to-day management of the Company, the Board noted that the services to be provided and the standard of care under the Amended Advisory Agreement are identical to those services to be provided and the standard of care under the Existing Advisory Agreement. In particular, the Board also noted that the Investment Adviser had served as the Company's investment adviser since its inception. Based on the factors above, as well as those discussed below, the Board, including a majority of the Independent Directors, concluded that it was satisfied with the nature, extent and quality of the services to be provided to the Company by the Investment Adviser under the Amended Advisory Agreement.

Comparison of Management Fee and Expense Ratio to Other BDCs

In assessing the fairness and reasonableness of the base management fees and incentive fees to be paid by the Company to the Investment Adviser under the Amended Advisory Agreement as well as the total estimated expenses to be paid by the Company, the Board noted that it most recently concluded that it was satisfied with fairness and reasonableness of the base management fees and incentive fees to be paid by the Company to the Investment Adviser under the Existing Advisory Agreement as well as the total estimated expenses to be paid by the Company in connection with its approval of, including the approval of a majority of the Independent Directors of, the continuance of the Existing Advisory Agreement at an in-person Board meeting on March 20, 2017.

The Board noted that it had previously reviewed and considered advisory fees paid by other investment companies with comparable investment objectives and of comparable size, particularly BDCs. In reviewing such comparative data with respect to the expense ratios and the amount and structure of the expenses paid by other externally managed BDCs, the Board also considered the combined advisory and administrative fees payable by the Company to the Investment Adviser and to Carlyle GMS Finance Administration L.L.C., the Company's administrator (the "Administrator") and an affiliate of the Investment Adviser, and the advisory fees charged by the Investment Adviser or its affiliates to clients (including future BDCs) with investment objectives and policies similar to those of the Company.

The Board considered that the reduction of the incentive fee rate in the Amended Advisory Agreement will reduce the incentive fees payable by the Company to the Investment Adviser both with respect to the portion of the incentive fees based on pre-incentive fee net investment income and the portion of the incentive fees based on capital gains. In addition, the Board considered that the deletion of the incentive fee payment deferral test from the Amended Advisory Agreement could accelerate the timing for payment of incentive fees by the Company to the Investment Adviser, particularly in the event that the Company experiences a prolonged period of underperformance. The Board also considered that the impact of the deletion of the incentive fee payment deferral test is on the timing rather than the amount of the payment of incentive fees by the Company to the Investment Adviser. The Board also considered that while pre-IPO investors in the Company had the benefit of this feature, they were also subject to a higher incentive fee. The Board further considered that although the inclusion in the Company's pre-incentive fee net investment income, in the case of investments with a deferred interest feature, accrued income that the Company has not yet received in cash in the Amended Advisory Agreement has the potential to increase the incentive fees payable by the Company to the Investment Adviser, such impact has been *de minimis*.

The Board discussed how such changes to the incentive fees may allow the Company to preserve its value in the long term. The Board also discussed that the new incentive fee structure under the Amended Advisory Agreement was consistent with the range of other externally managed BDCs, and that the new annual rate of 17.5% for incentive fee was on the lower end of the incentive fee rate paid by other listed and externally managed BDCs of comparable size. The Board noted that none of the listed and externally managed BDCs of comparable size considered by the Board had an incentive fee payment deferral test similar to the one the Company is eliminating. The comparative data assisted the Board in assessing the fairness and reasonableness of the base management fees and incentive fees to be paid under the New Advisory Agreement as well as the total estimated expenses to be paid by the Company. Based on the information reviewed and the considerations detailed above, the Board, including a majority of the Independent Directors, concluded that the fee and expense structure under the Amended Advisory Agreement is fair and reasonable in relation to the services provided.

Experience of Key Personnel

In assessing the experience of the key personnel of the Investment Adviser, the Board noted that it most recently concluded that it was satisfied with the experience of the key personnel of the Investment Adviser in connection with its approval of, including the approval of a majority of the Independent Directors of, the continuance of the Existing Advisory Agreement at an in-person Board meeting on March 20, 2017.

The Board noted that it previously discussed the background and experience of current key personnel of the Investment Adviser. The Board considered that all of the current key personnel of the Investment Adviser, including the personnel having direct responsibility for the management of the Company, such as portfolio managers, are currently expected to continue their relationship with the Investment Adviser following effectiveness of the Amended Advisory Agreement.

Costs of Services Provided and Economies of Scale

In assessing the costs of services provided by the Investment Adviser and economies of scale, the Board noted that it most recently considered these issues in connection with its approval of, including the approval of a majority of the Independent Directors of, the continuance of the Existing Advisory Agreement at an in-person Board meeting on March 20, 2017.

The Board noted that it previously considered the costs incurred by the Company and the Investment Adviser to provide services to the Company, the expected costs to be incurred by the Investment Adviser, the profit that the Investment Adviser may realize, and the Investment Adviser's financial condition. Based on its review, the Board concluded that the Investment Adviser is financially able to provide the Company with the services enumerated in the Amended Advisory Agreement.

The Board also considered the extent to which economies of scale may be realized as the Company grows, but concluded that economies of scale would be limited due to the time and effort involved in originating middle market loans consistent with the Company's investment strategies. The Board noted that the economies of scale realized by the Administrator, an affiliate of the Investment Adviser, in providing administrative services to the Company will be realized by the Company due to the reduced cost of providing such services and the resultant lower administrative fee.

Conclusion

No single factor was determinative of the Board's and the Independent Directors' decisions to approve the Amended Advisory Agreement, but rather, the Directors based their determination on the total mix of information available to them. Following consideration of the foregoing, the Board determined that the terms of the Amended Advisory Agreement are fair to, and in the best interests of, the Company and its stockholders. The Board considered the proposed changes to the incentive fees in the Amended Advisory Agreement described above, and believes that such changes will preserve the Company's value for the long term. In addition, the Board believes that, upon stockholders' approval of the Amended Advisory Agreement, the Investment Adviser will continue to provide the same level of services as it currently provides under the Existing Advisory Agreement at a cost that is fair and reasonable.

Terms of the Existing Advisory Agreement and the Amended Advisory Agreement

Investment Advisory Services

Under both the Existing Advisory Agreement and the Amended Advisory Agreement, subject to the overall supervision of the Board, the Investment Adviser provides the same investment advisory services to the Company, including, among other things, sourcing potential investments, conducting research and due diligence on prospective investments and equity sponsors, analyzing investment opportunities, structuring the Company's investments and monitoring the Company's investments on an ongoing basis.

Duration and Termination

The Company entered into the Existing Advisory Agreement with the Investment Adviser on April 3, 2013. The Existing Advisory Agreement was last approved by Carlyle GMS Investment Management L.L.C., in its capacity as the sole stockholder of the Company, on April 3, 2013. The continuance of the Existing Advisory Agreement was most recently approved by the Board, including a majority of the Independent Directors, at an in-person Board meeting on March 20, 2017.

The stockholders of the Company are being asked at the Meeting to approve the Amended Advisory Agreement for an initial term of two years. If the stockholders approve the Amended Advisory Agreement, the Amended Advisory Agreement will be in effect for an initial two-year term and, unless terminated earlier, will renew automatically for successive annual periods, provided that such continuance is specifically approved at least annually by the vote of the Board and by the vote of a majority of the Independent Directors.

Each of the Existing Advisory Agreement and the Amended Advisory Agreement will automatically terminate in the event of an assignment, and may be terminated by at any time, without the payment of any penalty, by the Board or by the vote of a majority of the voting securities of the Company, on the one hand, or by the Investment Adviser, on the other hand, in each case upon at least 60 days' written notice to the other party.

Limitation of Liability and Indemnification

Each of the Existing Advisory Agreement and the Amended Advisory Agreement provides that, absent willful misfeasance, bad faith or gross negligence in the performance of its duties or by reason of the reckless disregard of its duties and obligations, the Investment Adviser, its respective officers, managers, partners, agents, employees, controlling persons, members and any other person or entity affiliated with the Investment Adviser, including without limitation its sole member, are entitled to indemnification from the Company for all damages, liabilities, costs and expenses (including reasonable attorneys' fees and amounts reasonably paid in settlement) incurred by any of them in or by reason of any pending, threatened or completed action, suit, investigation or other proceeding (including an action or suit by or in the right of the Company or its security holders) arising out of or otherwise based upon the performance in good faith of any of the Investment Adviser's duties or obligations under the Existing Advisory Agreement or the Amended Advisory Agreement, as applicable, or otherwise as an investment adviser of the Company.

Advisory Fees

Under each of the Existing Advisory Agreement and the Amended Advisory Agreement, the Company pays the Investment Adviser a fee for investment advisory and management services consisting of two components—a base management fee and an incentive fee.

Because the Company IPO was a "Qualified IPO" for purposes of the Existing Advisory Agreement, the provisions in the Existing Advisory Agreement relating to the advisory fees payable by the Company to the Investment Adviser prior to the completion of a Qualified IPO are no longer applicable. As a result, such provisions are deleted from the Amended Advisory Agreement and are only discussed in connection with the description of the terms of the Existing Advisory Agreement below.

Base Management Fee

Under each of the Existing Advisory Agreement and the Amended Advisory Agreement, the base management fee is calculated and payable quarterly in arrears at an annual rate of 1.50% of the Company's average gross assets, including assets acquired through the incurrence of debt, excluding cash and cash-equivalents and adjusted for share issuances or repurchases. Cash and cash-equivalents include any temporary investments in cash-equivalents, U.S. government securities and other high-quality investment grade debt investments that mature in 12 months or less from the date of investment. Under each of the Existing Advisory Agreement and the Amended Advisory Agreement, the base management fee is payable quarterly in arrears.

Under each of the Existing Advisory Agreement and the Amended Advisory Agreement, following the completion of the Company IPO, the base management fee is calculated based on the average value of the Company's gross assets at the end of the two most recently completed fiscal quarters, except for the first quarter following the Company IPO, in which case the base management fee is calculated based on the Company's gross assets as of the end of such fiscal quarter. The base management fee is appropriately adjusted for any share issuances or repurchases during such fiscal quarter and the base management fees for any partial month or quarter will be pro-rated.

Incentive Fee

Under each of the Existing Advisory Agreement and the Amended Advisory Agreement, the incentive fee has two parts. The first part is calculated and payable quarterly in arrears based on the Company's pre-incentive fee net investment income for the immediately preceding calendar quarter. The second part is determined and payable in arrears as of the end of each calendar year (or upon termination of the Existing Advisory Agreement or the Amended Advisory Agreement, as applicable) based on the Company's realized capital gains, if any, on a cumulative basis from inception through the date of

determination, computed net of all realized capital losses and unrealized capital depreciation on a cumulative basis, less the aggregate amount of any previously paid capital gain incentive fees.

Incentive Fee on Pre-Incentive Fee Net Investment Income

Under each of the Existing Advisory Agreement and the Amended Advisory Agreement, pre-incentive fee net investment income means interest income, dividend income and any other income (including any other fees (other than fees for providing managerial assistance), such as commitment, origination, structuring, diligence and consulting fees or other fees that the Company receives from portfolio companies) accrued during the calendar quarter, minus the Company's operating expenses accrued for the quarter (including the base management fee, expenses payable under the Company's administration agreement with the Administrator, and any interest expense or fees on any credit facilities or outstanding debt and dividends paid on any issued and outstanding preferred stock, but excluding the incentive fee). In addition, under each of the Existing Advisory Agreement and the Amended Advisory Agreement, pre-incentive fee net investment income does not include any realized capital gains, realized capital losses or unrealized capital appreciation or depreciation.

Under each of the Existing Advisory Agreement and the Amended Advisory Agreement, the Company's net investment income used to calculate this part of the incentive fee is also included in the amount of the Company's gross assets used to calculate the 1.50% base management fee.

Further, under each of the Existing Advisory Agreement and the Amended Advisory Agreement, the calculations for incentive fee based on pre-incentive fee net investment income are pro-rated for any period of less than three months and adjusted for any share issuances or repurchases during the relevant quarter. Stockholders should be aware that a rise in the general level of interest rates can be expected to lead to higher interest rates applicable to the Company's debt investments. Accordingly, under each of the Existing Advisory Agreement and the Amended Advisory Agreement, an increase in interest rates would make it easier for the Company to meet or exceed the incentive fee hurdle rate and may result in a substantial increase of the amount of incentive fees payable to the Investment Adviser with respect to pre-incentive fee net investment income.

As described below, the Amended Advisory Agreement amends the Existing Advisory Agreement to provide for (i) the inclusion in the Company's pre-incentive fee net investment income, in the case of investments with a deferred interest feature, accrued income that the Company has not yet received in cash, and (ii) the reduction of the incentive fee based on pre-incentive fee net investment income payable by the Company to the Investment Adviser from an annual rate of 20% to an annual rate of 17.5%, including the corresponding reduction of the "catch-up rate" from 1.875% per quarter (7.50% annualized) to 1.82% per quarter (7.28% annualized), which is meant to match the reduction in the annual rate of the incentive fee so that the "catch-up" under the Amended Advisory Agreement would provide the Investment Adviser with approximately 17.5% of the Company's pre-incentive fee net investment income as if a hurdle rate did not apply if this net investment income exceeds the "catch-up rate" of 1.82% in any calendar quarter.

Existing Advisory Agreement. Under the Existing Advisory Agreement, pre-incentive fee net investment income does not include, in the case of investments with a deferred interest feature, accrued income that the Company has not yet received in cash. Under the Existing Advisory Agreement, prior to the completion of the Company IPO, which was a Qualified IPO under the Existing Advisory Agreement, pre-incentive fee net investment income, expressed as a rate of return on the average daily Hurdle Calculation Value, a term defined in the Existing Advisory Agreement, throughout the immediately preceding calendar quarter, was compared to a "hurdle rate" of 1.50% per quarter (6% annualized) or a "catch-up rate" of 1.875% per quarter (7.50% annualized), as applicable; and after completion of the Company IPO, pre-incentive fee net investment income, expressed as a rate of return on the value of the Company's net assets at the end of the immediately preceding calendar quarter, is compared to a "hurdle rate" of 1.50% per quarter (6% annualized) or a "catch-up rate" of 1.875% per quarter (7.50% annualized), as applicable.

Under the Existing Advisory Agreement, the Company pays the Investment Adviser an incentive fee with respect to its pre-incentive fee net investment income in each calendar quarter as follows:

- no incentive fee based on pre-incentive fee net investment income in any calendar quarter in which its pre-incentive fee net investment income does not exceed the hurdle rate of 1.50%;
- 100% of the Company's pre-incentive fee net investment income with respect to that portion of such pre-incentive fee net investment income, if any, that exceeds the hurdle rate but is less than 1.875% in any calendar quarter (7.50% annualized). The Company refers to this portion of its pre-incentive fee net investment income (which exceeds the hurdle rate but is less than 1.875%) as the "catch-up." The "catch-up" is meant to provide the Investment Adviser with approximately 20% of its pre-incentive fee net

investment income as if a hurdle rate did not apply if this net investment income exceeds 1.875% in any calendar quarter; and

- 20% of the amount of the Company’s pre-incentive fee net investment income, if any, that exceeds 1.875% in any calendar quarter (7.50% annualized) is payable to the Investment Adviser. This reflects that once the hurdle rate is reached and the catch-up is achieved, 20% of all pre-incentive fee investment income thereafter is allocated to the Investment Adviser.

The following is a graphical representation of the calculation of the income-related portion of the incentive fee under the Existing Advisory Agreement:

Amended Advisory Agreement. Under the Amended Advisory Agreement, pre-incentive fee net investment income includes, in the case of investments with a deferred interest feature, accrued income that the Company has not yet received in cash. Under the Amended Advisory Agreement, pre-incentive fee net investment income, expressed as a rate of return on the value of the Company’s net assets at the end of the immediately preceding calendar quarter, is compared to a “hurdle rate” of 1.50% per quarter (6% annualized) or a “catch-up rate” of 1.82% per quarter (7.28% annualized), as applicable.

Under the Amended Advisory Agreement, the Company pays the Investment Adviser an incentive fee with respect to its pre-incentive fee net investment income in each calendar quarter as follows:

- no incentive fee based on pre-incentive fee net investment income in any calendar quarter in which its pre-incentive fee net investment income does not exceed the hurdle rate of 1.50%;
- 100% of the Company’s pre-incentive fee net investment income with respect to that portion of such pre-incentive fee net investment income, if any, that exceeds the hurdle rate but is less than 1.82% in any calendar quarter (7.28% annualized). The Company refers to this portion of its pre-incentive fee net investment income (which exceeds the hurdle rate but is less than 1.82%) as the “catch-up.” The “catch-up” is meant to provide the Investment Adviser with approximately 17.5% of its pre-incentive fee net investment income as if a hurdle rate did not apply if this net investment income exceeds 1.82% in any calendar quarter; and
- 17.5% of the amount of the Company’s pre-incentive fee net investment income, if any, that exceeds 1.82% in any calendar quarter (7.28% annualized) is payable to the Investment Adviser. This reflects that once the hurdle rate is reached and the catch-up is achieved, 17.5% of all pre-incentive fee investment income thereafter is allocated to the Investment Adviser.

The following is a graphical representation of the calculation of the income-related portion of the incentive fee under the Amended Advisory Agreement:

Incentive Fee on Capital Gains

Under each of the Existing Advisory Agreement and the Amended Advisory Agreement, the second part of the incentive fee is determined and payable in arrears as of the end of each calendar year (or upon termination of the Existing Advisory Agreement or the Amended Advisory Agreement, as applicable, as of the termination date). The Amended Advisory Agreement reduces the incentive fee payable by the Company to the Investment Adviser with respect to the capital gains from an annual rate of 20% to an annual rate of 17.5%.

Existing Advisory Agreement. Under the Existing Advisory Agreement, the second part of the incentive fee equals 20% of the Company's realized capital gains, if any, on a cumulative basis from inception through the date of determination, computed net of all realized capital losses on a cumulative basis and unrealized capital depreciation, less the aggregate amount of any previously paid capital gain incentive fees, provided that, the incentive fee determined at the end of the first calendar year of operations may be calculated for a period of shorter than 12 calendar months to take into account any realized capital gains computed net of all realized capital losses on a cumulative basis and unrealized capital depreciation.

Amended Advisory Agreement. Under the Amended Advisory Agreement, the second part of the incentive fee equals 17.5% of our realized capital gains, if any, on a cumulative basis from inception through the date of determination, computed net of all realized capital losses on a cumulative basis and unrealized capital depreciation, less the aggregate amount of any previously paid capital gain incentive fees.

Incentive Fee Payment Deferral Test

Existing Advisory Agreement. Under the Existing Advisory Agreement, the Company defers payment of any incentive fee otherwise earned by the Investment Adviser if, during the most recent four full calendar quarter period ending on or prior to the date such payment is to be made, the sum of (a) the aggregate distributions to the Company's stockholders and (b) the change in net assets (defined as gross assets less indebtedness and before taking into account any incentive fees payable during the period) is less than 6.0% of the Company's net assets (defined as gross assets less indebtedness) at the beginning of such period. These calculations are adjusted for any share issuances or repurchases. Any deferred incentive fees will be carried over for payment in subsequent calculation periods under the Existing Advisory Agreement.

Amended Advisory Agreement. The incentive fee payment deferral test is deleted from the Amended Advisory Agreement.

Examples of Quarterly Incentive Fee Calculation under the Existing Advisory Agreement

The figures provided in the following examples are hypothetical, are presented for illustrative purposes only and are not indicative of actual expenses or returns. Please refer to the Company's SEC filings for information on actual expenses and returns.

Example 1: Income Related Portion of Incentive Fee():*

Alternative 1 - Assumptions

Investment income (including interest, dividends, fees, etc.) = 1.25%.
Hurdle rate⁽¹⁾ = 1.50%.
Management fee⁽²⁾ = 0.375%.
Other expenses (legal, accounting, custodian, transfer agent, etc.)⁽³⁾ = 0.20%.
Pre-incentive fee net investment income =
(investment income - (management fee + other expenses)) = 0.675%.
Pre-incentive net investment income does not exceed hurdle rate, therefore there is no incentive fee.

Alternative 2 - Assumptions

Investment income (including interest, dividends, fees, etc.) = 2.40%.
Hurdle rate⁽¹⁾ = 1.50%.
Management fee⁽²⁾ = 0.375%.
Other expenses (legal, accounting, custodian, transfer agent, etc.)⁽³⁾ = 0.20%.
Pre-incentive fee net investment income =
(investment income - (management fee + other expenses)) = 1.825%
Incentive fee = 20% × pre-incentive fee net investment income, subject to the "catch-up"⁽⁴⁾
Catch-up = 1.825% - 1.50% = 0.325%
Incentive fee = 100% × (1.825% - 1.50%)
= 0.325%.

Alternative 3 - Assumptions

Investment income (including interest, dividends, fees, etc.) = 4.00%.
Hurdle rate⁽¹⁾ = 1.50%.
Management fee⁽²⁾ = 0.375%.
Other expenses (legal, accounting, custodian, transfer agent, etc.)⁽³⁾ = 0.20%.
Pre-incentive fee net investment income =
(investment income - (management fee + other expenses)) = 3.425%.
Incentive fee = 20% × pre-incentive fee net investment income, subject to the "catch-up"⁽⁴⁾
Incentive fee = 100% × "catch-up" + (20% × (pre-incentive fee net investment income - 1.875%)).
Catch-up = 1.875% - 1.50% = 0.375%
Incentive fee = (100% × 0.375%) + (20% × (3.425% - 1.875%))
= 0.375% + (20% × 1.55%)
= 0.375% + 0.31%
= 0.685%.

(*) The hypothetical amount of pre-incentive fee net investment income shown is expressed, post-completion of the Company IPO, as a rate of return on the average daily Hurdle Calculation Value, and subsequently as a rate of return on the value of our total net assets.

(1) Represents 6.00% annualized hurdle rate.

(2) Represents 1.50% annualized management fee.

(3) Hypothetical other expenses. Excludes organizational and offering expenses.

(4) The "catch-up" provision is intended to provide our Adviser with an incentive fee of approximately 20% on all of our pre-incentive fee net investment income as if a hurdle rate did not apply when our net investment income exceeds 1.875% in any calendar quarter.

Example 2: Capital Gains Portion of Incentive Fee:

Alternative 1 - Assumptions

- Year 1: \$20 million investment made in Company A (“Investment A”), and \$30 million investment made in Company B (“Investment B”).
- Year 2: Investment A sold for \$50 million and FMV of Investment B determined to be \$32 million.
- Year 3: FMV of Investment B determined to be \$25 million.
- Year 4: Investment B sold for \$31 million.

The capital gains portion of the incentive fee, if any, would be:

- Year 1: None.
- Year 2: \$6 million capital gains incentive fee, calculated as follows:
\$30 million realized capital gains on sale of Investment A multiplied by 20%.
- Year 3: None, calculated as follows:⁽⁵⁾
\$5 million cumulative fee (20% multiplied by \$25 million (\$30 million cumulative capital gains less \$5 million cumulative capital depreciation)) less \$6 million (previous capital gains fee paid in Year 2).
- Year 4: \$200,000 capital gains incentive fee, calculated as follows:
\$6.2 million cumulative fee (\$31 million cumulative realized capital gains (\$30 million from Investment A and \$1 million from Investment B) multiplied by 20%) less \$6 million (previous capital gains fee paid in Year 2).

Alternative 2 - Assumptions

- Year 1: \$20 million investment made in Company A (“Investment A”), \$30 million investment made in Company B (“Investment B”) and \$25 million investment made in Company C (“Investment C”).
- Year 2: Investment A sold for \$50 million, FMV of Investment B determined to be \$25 million and FMV of Investment C determined to be \$25 million.
- Year 3: FMV of Investment B determined to be \$27 million and Investment C sold for \$30 million.
- Year 4: FMV of Investment B determined to be \$35 million.
- Year 5: Investment B sold for \$20 million.

The capital gains portion of the incentive fee, if any, would be:

- Year 1: None.
- Year 2: \$5 million capital gains incentive fee, calculated as follows: 20% multiplied by \$25 million (\$30 million realized capital gains on sale of Investment A less \$5 million unrealized capital depreciation on Investment B).
- Year 3: \$1.4 million capital gains incentive fee, calculated as follows: \$6.4 million cumulative fee (20% multiplied by \$32 million (\$35 million cumulative realized capital gains less \$3 million unrealized capital depreciation)) less \$5 million (previous capital gains fee paid in Year 2).
- Year 4: \$600,000 capital gains incentive fee, calculated as follows: \$7 million cumulative fee (20% multiplied by \$35 million cumulative realized capital gains) less \$6.4 million (previous cumulative capital gains fee paid in Year 2 and Year 3).
- Year 5: None \$5 million cumulative fee (20% multiplied by \$25 million (\$35 million cumulative realized capital gains less \$10 million realized capital losses)) less \$7 million (previous cumulative capital gains fee paid in Years 2, 3 and 4).

-
- (5) If the Existing Advisory Agreement is terminated on a date other than December 31 of any year, the Company may pay aggregate capital gain incentive fees that are more than the amount of such fees that would have been payable if the Existing Advisory Agreement had been terminated on December 31 of such year. This would occur if the fair market value of an investment declined between the time the Existing Advisory Agreement was terminated and December 31.

Examples of Quarterly Incentive Fee Calculation under the Amended Advisory Agreement

The figures provided in the following examples are hypothetical, are presented for illustrative purposes only and are not indicative of actual expenses or returns.

Hurdle rate ⁽¹⁾ = 1.50%.

Pre-incentive fee net investment income =
(investment income - (management fee + other expenses)) = 3.425%.
Incentive fee = 17.5% × pre-incentive fee net investment income, subject to “catch-up”⁽⁴⁾
Incentive fee = 100% × “catch-up” + (17.5% × (pre-incentive fee net investment income - 1.82%)).
Catch-up = 1.82% - 1.50% = 0.32%
Incentive fee = (100% × 0.32%) + (17.5% × (3.425% - 1.82%))
= 0.320% + (17.5% × 1.605%)
= 0.320% + 0.281%
= 0.601%.

(*) The hypothetical amount of pre-incentive fee net investment income shown is expressed, post-completion of the Company IPO, as a rate of return on the average daily Hurdle Calculation Value, and subsequently as a rate of return on the value of our total net assets.

(1) Represents 6.00% annualized hurdle rate.

(2) Represents 1.50% annualized management fee.

(3) Hypothetical other expenses. Excludes organizational and offering expenses.

(4) The “catch-up” provision is intended to provide our Adviser with an incentive fee of approximately 17.5% on all of our pre-incentive fee net investment income as if a hurdle rate did not apply when our net investment income exceeds 1.82% in any calendar quarter. The “catch-up” portion of our pre-incentive fee net investment income is the portion that exceeds the 1.5% hurdle rate but is less than or equal to approximately 1.82% (that is, 1.5% divided by (1 - 0.175)) in any calendar quarter.

Example 2: Capital Gains Portion of Incentive Fee:

Alternative 1 - Assumptions

- Year 1: \$20 million investment made in Company A (“Investment A”), and \$30 million investment made in Company B (“Investment B”).
- Year 2: Investment A sold for \$50 million and FMV of Investment B determined to be \$32 million.
- Year 3: FMV of Investment B determined to be \$25 million.
- Year 4: Investment B sold for \$31 million.

The capital gains portion of the incentive fee, if any, would be:

- Year 1: None.
- Year 2: \$5.25 million capital gains incentive fee, calculated as follows:
\$30 million realized capital gains on sale of Investment A multiplied by 17.5%.
- Year 3: None, calculated as follows:⁽⁵⁾
\$4.375 million cumulative fee (17.5% multiplied by \$25 million (\$30 million cumulative capital gains less \$5 million cumulative capital depreciation)) less \$5.25 million (previous capital gains fee paid in Year 2).
- Year 4: \$175,000 capital gains incentive fee, calculated as follows:
\$5.425 million cumulative fee (\$31 million cumulative realized capital gains (\$30 million from Investment A and \$1 million from Investment B) multiplied by 17.5%) less \$5.25 million (previous capital gains fee paid in Year 2).

Alternative 2 - Assumptions

- Year 1: \$20 million investment made in Company A (“Investment A”), \$30 million investment made in Company B (“Investment B”) and \$25 million investment made in Company C (“Investment C”).
- Year 2: Investment A sold for \$50 million, FMV of Investment B determined to be \$25 million and FMV of Investment C determined to be \$25 million.
- Year 3: FMV of Investment B determined to be \$27 million and Investment C sold for \$30 million.
- Year 4: FMV of Investment B determined to be \$35 million.
- Year 5: Investment B sold for \$20 million.

The capital gains portion of the incentive fee, if any, would be:

- Year 1: None.
- Year 2: \$4.375 million capital gains incentive fee, calculated as follows: 17.5% multiplied by \$25 million (\$30 million realized capital gains on sale of Investment A less \$5 million unrealized capital depreciation on Investment B).
- Year 3: \$1.225 million capital gains incentive fee, calculated as follows: \$5.6 million cumulative fee (17.5% multiplied by \$32 million (\$35 million cumulative realized capital gains less \$3 million unrealized capital depreciation)) less \$4.375 million (previous capital gains fee paid in Year 2).
- Year 4: \$525,000 capital gains incentive fee, calculated as follows: \$6.125 million cumulative fee (17.5% multiplied by \$35 million cumulative realized capital gains) less \$5.6 million (previous cumulative capital gains fee paid in Year 2 and Year 3).
- Year 5: None \$4.375 million cumulative fee (17.5% multiplied by \$25 million (\$35 million cumulative realized capital gains less \$10 million realized capital losses)) less \$6.125 million (previous cumulative capital gains fee paid in Years 2, 3 and 4).

-
- (5) If the Amended Advisory Agreement is terminated on a date other than December 31 of any year, the Company may pay aggregate capital gain incentive fees that are more than the amount of such fees that would have been payable if the Amended Advisory Agreement had been terminated on December 31 of such year. This would occur if the fair market value of an investment declined between the time the Amended Advisory Agreement was terminated and December 31.

Pursuant to the administration agreement that the Company entered into with the Administrator (the "Administration Agreement"), the Administrator furnishes the Company with office facilities, equipment and clerical, bookkeeping and record keeping services at such facilities. Under the Administration Agreement, the Administrator also performs, or oversees the performance of, the Company's required administrative services, which include, among other things, providing assistance in accounting, legal, compliance, operations, technology and investor relations, and being responsible for the financial records that the Company is required to maintain and preparing reports to the Company's stockholders and reports filed with the SEC. In addition, the Administrator assists the Company in determining and publishing its net asset value, overseeing the preparation and filing of its tax returns and the printing and dissemination of reports to its stockholders, and generally overseeing the payment of the Company's expenses and the performance of administrative and professional services rendered to the Company by others. The Administrator will continue to provide the same services pursuant to the Administration Agreement after the approval of the Amended Advisory Agreement.

Payments under the Administration Agreement are equal to an amount that reimburses the Administrator for its costs and expenses and the Company's allocable portion of overhead incurred by the Administrator in performing its obligations under the Administration Agreement, including the Company's allocable portion of the compensation paid to or

compensatory distributions received by the Company's officers (including the Company's Chief Compliance Officer and Chief Financial Officer) and their respective staff who provide services to the Company, operations staff who provide services to the Company, and internal audit staff. Approval of the Advisory Agreement Proposal requires the affirmative vote of the holders of a majority of the outstanding shares entitled to vote at the Meeting. Abstentions and broker non-votes will not count as affirmative votes cast and will therefore have the same effect as votes against the Advisory Agreement Proposal. If approved by the Company's stockholders, the Amended Advisory Agreement is expected to become effective as of the date on which such stockholder approval is received.

The fee waiver will terminate if and when a Qualified IPO has been consummated. For purposes of this Agreement, "**Capital Commitment**" refers to the amount of capital committed to the Company by each investor pursuant to a Subscription Agreement relating to the Company's initial placement of the Company's common stock to investors, in the form or substantially the form in which such agreement was approved by the Board on April 3, 2013.~~

The Base Management Fee will be payable quarterly in arrears. ~~Prior to a Qualified IPO, the Base Management Fee will be calculated based on the Company's average daily gross assets during the most recently completed fiscal quarter, and will be appropriately adjusted for any share issuances. Base Management Fees for any~~

~~partial quarter will be appropriately pro-rated. Following a Qualified IPO, the~~ The Base Management Fee will be calculated based on the average value of the Company's gross assets at the end of the two most recently completed fiscal quarters, except for the first quarter following a Qualified IPO, in which case the Base Management Fee will be calculated based on the Company's gross assets as of the end of such fiscal quarter. In each case, the Base Management Fee will be appropriately adjusted for any share issuances or repurchases during such fiscal quarter, and the Base Management Fees for any partial month or quarter will be appropriately pro-rated.

(b) The Incentive Fee shall consist of two parts, as follows:

- (i) One part will be calculated and payable quarterly in arrears based on the Pre-Incentive Fee net investment income for the preceding calendar quarter. "**Pre-Incentive Fee net investment income**" means consolidated interest income, dividend income and any other income (including any other fees (other than fees for providing managerial assistance), such as commitment, origination, structuring, diligence and consulting fees or other fees that the Company receives from portfolio companies) accrued by the Company during the calendar quarter, minus the Company's consolidated operating expenses for the quarter (including the Base Management Fee, expenses payable under the Administration Agreement, and any interest expense or fees on any credit facilities or outstanding debt and dividends paid on any issued and outstanding preferred stock, but excluding the Incentive Fee).

Pre-Incentive Fee net investment income ~~does not include~~includes, in the case of investments with a deferred interest feature (such as original issue discount, debt instruments with payment-in-kind interest and zero coupon securities), accrued income that the Company has not yet received in cash. Pre-Incentive Fee net investment income does not include any realized capital gains, realized capital losses or unrealized capital appreciation or depreciation.

~~Prior to any Qualified IPO of the Company's common stock that may occur,~~ Pre-Incentive Fee net investment income, expressed as a rate of return on the ~~average daily Hurdle Calculation Value~~value of the Company's Net Assets (as defined below) throughout the immediately preceding calendar quarter, will be compared to a "**hurdle rate**" of 1.50% per quarter (6% annualized). "**Hurdle Calculation Value**" means, on any given day, the sum of (x) the value of the Company's Net Assets (as defined below) as of the end of the calendar quarter immediately preceding such day plus (y) the aggregate amount of capital drawn from investors (or reinvested in the Company pursuant to the Company's dividend reinvestment plan) from the beginning of the current quarter to such day minus (z) the aggregate amount of distributions (including share repurchases) made by the Company from the beginning of the current quarter to such day (but only to the extent such distributions were not declared and accounted for on the books and records of the Company in a previous quarter); "**Net Assets**" as used herein solely for purposes of the Incentive Fee means the Company's gross assets less consolidated indebtedness, determined in accordance with generally accepted accounting principles in the United States.

~~Following any Qualified IPO of the Company's common stock that may occur,~~ Pre-Incentive Fee net investment income, expressed as a rate of return on the value of the Company's Net Assets at the end of the immediately preceding calendar quarter, will be compared to a hurdle rate of 1.50% per quarter (6% annualized).

The Company's net investment income used to calculate this part of the Incentive Fee is also included in the amount of its gross assets used to calculate the 1.50% Base Management Fee. The Company will pay the Adviser an Incentive Fee with respect to the Company's Pre-Incentive Fee net investment income in each calendar quarter as follows:

- (A) With the exception of the Capital Gains Fee (as defined and discussed below), no Incentive Fee in any calendar quarter in which the Company's Pre-Incentive Fee net investment income does not exceed the hurdle rate of 1.50%;

- (B) 100% of the Company's Pre-Incentive Fee net investment income with respect to that portion of such Pre-Incentive Fee net investment income, if any, that exceeds the hurdle rate but is less than ~~4.875%~~1.82% in any calendar quarter (~~7.50%~~7.28% annualized); and
- (C) ~~20%~~17.5% of the amount of the Company's Pre-Incentive Fee net investment income, if any, that exceeds ~~4.875%~~1.82% in any calendar quarter (~~7.50%~~7.28% annualized).

These calculations will be appropriately pro rated for any period of less than three months and appropriately adjusted for any share issuances or repurchases during the current quarter.

(ii) The second part of the Incentive Fee (the "*Capital Gains Fee*") will be determined and payable in arrears as of the end of each calendar year (or upon termination of this Agreement as set forth below), commencing with the calendar year ending on December 31, 2013, and is calculated at the end of each applicable year by subtracting (1) the sum of the Company's cumulative aggregate realized capital losses and aggregate unrealized capital depreciation from (2) the Company's cumulative aggregate realized capital gains, in each case calculated from inception. If such amount is positive at the end of such year, then the Capital Gains Fee for such year is equal to ~~20%~~17.5% of such amount, less the aggregate amount of Capital Gains Fees paid in all prior years. If such amount is negative, then there is no Capital Gains Fee for such year. If this Agreement shall terminate as of a date that is not a calendar year end, the termination date shall be treated as though it were a calendar year end for purposes of calculating and paying a Capital Gains Fee.

For purposes of this Section 3(b)(ii):

The "cumulative aggregate realized capital gains" are calculated as the sum of the differences, if positive, between (a) the sales price of each investment in the Company's portfolio when sold, net of any selling commissions or other selling expenses (the "**net sales price**") and (b) the accreted or amortized cost basis of such investment when sold.

The "cumulative aggregate realized capital losses" are calculated as the sum of the amounts by which (a) the net sales price of each investment in the Company's portfolio when sold is less than (b) the accreted or amortized cost basis of such investment when sold.

The "aggregate unrealized capital depreciation" is calculated as the sum of the differences, if negative, between (a) the valuation of each investment in the Company's portfolio as of the applicable Capital Gains Fee calculation date and (b) the accreted or amortized cost basis of such investment as of the applicable Capital Gains Fee calculation date.

~~(iii) Payment of any Incentive Fee otherwise earned by the Adviser shall be deferred ("*Deferred Incentive Fees*") if, during the most recent four full calendar quarter period (or, if less, the number of full calendar quarters completed since the Company's initial drawdown of capital from stockholders) ending on or prior to the date such payment is to be made, the sum of (a) the Company's aggregate distributions to its stockholders and (b) the change in the Company's Net Assets (before taking into account any incentive fees payable during that period) is less than 6.0% of the Company's Net Assets at the beginning of such period, subject to appropriate proration of such percentage during the four full calendar quarters immediately following the Company's initial drawdown of capital from stockholders. These calculations will be appropriately adjusted for any share issuances or repurchases during the relevant period. Any Deferred Incentive Fees shall be carried over for payment in subsequent calculation periods by the Company.~~

(iii) Examples of the Incentive Fee calculation are attached hereto as Annex A. Such examples are included for illustrative purposes only and are not considered part of this Agreement.

Examples of Quarterly Incentive Fee Calculation

Example 1: Income Related Portion of Incentive Fee (*):

Alternative 1

Assumptions

Investment income (including interest, dividends, fees, etc.) = 1.25%.
Hurdle rate⁽¹⁾ = 1.50%.
Management fee⁽²⁾ = 0.375%.
Other expenses (legal, accounting, custodian, transfer agent, etc.)⁽³⁾ = 0.20%.
Pre-incentive fee net investment income
(investment income — (management fee + other expenses)) = 0.675%.
Pre-incentive net investment income does not exceed hurdle rate, therefore there is no incentive fee.

Alternative 2

Assumptions

Investment income (including interest, dividends, fees, etc.) = 2.40%.
Hurdle rate⁽¹⁾ = 1.50%.
Management fee⁽²⁾ = 0.375%.
Other expenses (legal, accounting, custodian, transfer agent, etc.)⁽³⁾ = 0.20%.
Pre-incentive fee net investment income
(investment income — (management fee + other expenses)) = 1.825%.
Incentive fee = 20% × pre-incentive fee net investment income, subject to the “catch-up”⁽⁴⁾.
= 100% × (1.825% - 1.50%)
= 0.325%.

Alternative 3

Assumptions

Investment income (including interest, dividends, fees, etc.) = 4.00%.
Hurdle rate⁽¹⁾ = 1.50%.
Management fee⁽²⁾ = 0.375%.
Other expenses (legal, accounting, custodian, transfer agent, etc.)⁽³⁾ = 0.20%.
Pre-incentive fee net investment income
(investment income — (management fee + other expenses)) = 3.425%.
Incentive fee = 20% × pre-incentive fee net investment income, subject to “catch-up”⁽⁴⁾.
Incentive fee = 100% × “catch-up” + (20% × (pre-incentive fee net investment income — 1.875%)).
Catch-up = 1.875% — 1.50%.
= 0.375%.
Incentive fee = (100% × 0.375%) + (20% × (3.425% — 1.875%))
= 0.375% + (20% × 1.55%)
= 0.375% + 0.31%
= 0.685%.

(*) The hypothetical amount of Pre-Incentive Fee net investment income shown is expressed, prior to a Qualified IPO of the Company’s common stock, as a rate of return on the average daily Hurdle Calculation Value and, subsequently, as a rate of return on the value of the Company’s total Net Assets.

(1) Represents 6.00% annualized hurdle rate.

(2) Represents 1.50% annualized management fee.

(3) Excludes organizational and offering expenses.

(4) The “catch-up” provision, as described in Section 3(b)(i)(A)-(C) above, is intended to provide the Adviser with an incentive fee of approximately 20% on all of the Company’s Pre-Incentive Fee net investment income as if a hurdle rate did not apply when the Company’s net investment income exceeds 1.875% in any calendar quarter.

Example 2: Capital Gains Portion of Incentive Fee:

Alternative 1

Assumptions

- Year 1: \$20 million investment made in Company A (“Investment A”), and \$30 million investment made in Company B (“Investment B”).
- Year 2: Investment A sold for \$50 million and fair market value (“FMV”) of Investment B determined to be \$32 million.
- Year 3: FMV of Investment B determined to be \$25 million.
- Year 4: Investment B sold for \$31 million.

The capital gains portion of the incentive fee, if any, would be:

- Year 1: None.
- Year 2: \$6 million capital gains incentive fee, calculated as follows:
\$30 million realized capital gains on sale of Investment A multiplied by 20%.
- Year 3: None, calculated as follows:⁽¹⁾
\$5 million cumulative fee (20% multiplied by \$25 million (\$30 million cumulative capital gains less \$5 million cumulative capital depreciation)) less \$6 million (previous capital gains fee paid in Year 2).
- Year 4: \$200,000 capital gains incentive fee, calculated as follows:
\$6.2 million cumulative fee (\$31 million cumulative realized capital gains (\$30 million from Investment A and \$1 million from Investment B) multiplied by 20%) less \$6 million (previous capital gains fee paid in Year 2).

(1) If this Agreement is terminated on a date other than December 31 of any year, the Company may pay aggregate capital gain incentive fees that are more than the amount of such fees that would have been payable if this Agreement had been terminated on December 31 of such year. This would occur if the FMV of an investment declined between the time this Agreement was terminated and December 31.

Alternative 2

Assumptions

- Year 1: \$20 million investment made in Company A (“Investment A”), \$30 million investment made in Company B (“Investment B”) and \$25 million investment made in Company C (“Investment C”).
- Year 2: Investment A sold for \$50 million, FMV of Investment B determined to be \$25 million and FMV of Investment C determined to be \$25 million.
- Year 3: FMV of Investment B determined to be \$27 million and Investment C sold for \$30 million.
- Year 4: FMV of Investment B determined to be \$35 million.
- Year 5: Investment B sold for \$20 million.

The capital gains portion of the incentive fee, if any, would be:

- Year 1: None.
- Year 2: \$5 million capital gains incentive fee, calculated as follows: 20% multiplied by \$25 million (\$30 million realized capital gains on sale of Investment A less \$5 million unrealized capital depreciation on Investment B).
- Year 3: \$1.4 million capital gains incentive fee, calculated as follows:
\$6.4 million cumulative fee (20% multiplied by \$32 million (\$35 million cumulative realized capital gains less \$3 million unrealized capital depreciation)) less \$5 million (previous capital gains fee paid in Year 2)
- Year 4: \$600,000 capital gains incentive fee, calculated as follows:
\$7 million cumulative fee (20% multiplied by \$35 million cumulative realized capital gains) less \$6.4 million (previous cumulative capital gains fee paid in Year 2 and Year 3)
- Year 5: None
\$5 million cumulative fee (20% multiplied by \$25 million (\$35 million cumulative realized capital gains less \$10 million realized capital losses)) less \$7 million (previous cumulative capital gains fee paid in Years 2, 3 and 4)

(c) Any transaction, loan origination, advisory or similar fees (“**Transaction Fees**”) received in connection with the Company’s activities or the Adviser’s activities as they relate to the Company shall be the property of the Company. The parties agree that any Transaction Fees paid to the members, managers, partners or employees of the Company, the Adviser or their respective affiliates in connection with the Company’s activities or the Adviser’s activities as they relate to the Company shall be promptly remitted to the Company; provided, however, Transaction Fees received in respect of an investment opportunity in which the Company and one or more entities (including affiliates of the Adviser) participate shall be allocated to each of the Company and such entities pro rata in accordance with their respective investments or proposed investments in such investment opportunity.

(d) Notwithstanding anything to the contrary contained in this Agreement, the Company and the Adviser acknowledge and agree that the provisions of this Section 3 shall be of no force and effect unless and until this Agreement has been approved by (i) the vote of a majority of the outstanding voting securities of the Company and (ii) the vote of the Board and the vote of a majority of the Company’s Directors who are not parties to this Agreement or “interested persons” (as such term is defined in Section 2(a)(19) of the Investment Company Act) of any such party, each in accordance with the requirements of the Investment Company Act (the “**Approval Date**”). For the avoidance of doubt, the Adviser shall receive no compensation with respect to services provided hereunder prior to the Approval Date.

4. Covenants of the Adviser.

The Adviser covenants that it will remain registered as an investment adviser under the Advisers Act so long as it is the investment adviser to the Company and the Company maintains its election to be regulated as a BDC under the Investment Company Act or otherwise is an investment company registered under the Investment Company Act. The Adviser agrees that its activities will at all times be in compliance in all material respects with all applicable federal and state laws governing its operations and investments.

5. Excess Brokerage Commissions.

The Adviser is hereby authorized, to the fullest extent now or hereafter permitted by law, to cause the Company to pay a member of a national securities exchange, broker or dealer an amount of commission for effecting a securities transaction in excess of the amount of commission another member of such exchange, broker or dealer would have charged for effecting that transaction, if the Adviser determines in good faith, taking into account such factors as price (including the applicable brokerage commission or dealer spread), size of order, difficulty of execution, and operational facilities of the firm and the firm’s risk and skill in positioning blocks of securities, that such amount of commission is reasonable in relation to the value of the brokerage and/or research services provided by such member, broker or dealer, viewed in terms of either that particular transaction or its overall responsibilities with respect to the Company’s portfolio, and constitutes the best net results for the Company.

6. Limitations on the Employment of the Adviser.

The services of the Adviser to the Company are not exclusive, and the Adviser may engage in any other business or render similar or different services to others including, without limitation, the direct or indirect sponsorship or management of other investment based accounts or commingled pools of capital, however structured, having investment objectives similar to those of the Company, so long as its services to the Company hereunder are not impaired thereby, and nothing in this Agreement shall limit or restrict the right of any manager, partner, officer or employee of the Adviser to engage in any other business or to devote his or her time and attention in part to any other business, whether of a similar or dissimilar nature, or to receive any fees or compensation in connection therewith (including fees for serving as a director of, or providing consulting services to, one or more of the Company's portfolio companies, subject to applicable law). So long as this Agreement or any extension, renewal or amendment remains in effect, the Adviser shall be the only investment adviser for the Company, subject to the Adviser's ability to enter into sub-advisory agreements consistent with the requirements of this Agreement. The Adviser assumes no responsibility under this Agreement other than to render the services called for hereunder. It is understood that directors, officers, employees and stockholders of the Company are or may become interested in the Adviser and its affiliates, as directors, officers, employees, partners, stockholders, members, managers or otherwise, and that the Adviser and directors, officers, employees, partners, stockholders, members and managers of the Adviser and its affiliates are or may become similarly interested in the Company as stockholders or otherwise.

7. Responsibility of Dual Directors, Officers and/or Employees.

If any person who is a manager, partner, officer or employee of the Adviser or the Administrator is or becomes a director, officer and/or employee of the Company and acts as such in any business of the Company, then such manager, partner, officer and/or employee of the Adviser or the Administrator shall be deemed to be acting in such capacity solely for the Company, and not as a manager, partner, officer or employee of the Adviser or the Administrator or under the control or direction of the Adviser or the Administrator, even if paid by the Adviser or the Administrator.

8. Limitation of Liability of the Adviser; Indemnification.

(a) The Adviser (and its officers, managers, partners, agents, employees, controlling persons, members and any other person or entity affiliated with the Adviser, including without limitation its sole member) shall not be liable to the Company for any action taken or omitted to be taken by the Adviser in connection with the performance of any of its duties or obligations under this Agreement or otherwise as an investment adviser of the Company (except to the extent specified in Section 36(b) of the Investment Company Act concerning loss resulting from a breach of fiduciary duty (as the same is finally determined by judicial proceedings) with respect to the receipt of compensation for services), and the Company shall indemnify, defend and protect the Adviser (and its officers, managers, partners, agents, employees, controlling persons, members and any other person or entity affiliated with the Adviser, including without limitation its sole member and the Administrator, each of whom shall be deemed a third party beneficiary hereof) (each, individually, an "*Indemnified Party*" and collectively, the "*Indemnified Parties*") and hold each of them harmless from and against all damages, liabilities, costs and expenses (including reasonable attorneys' fees and amounts reasonably paid in settlement) incurred by any of them in or by reason of any pending, threatened or completed action, suit, investigation or other proceeding (including an action or suit by or in the right of the Company or its security holders) arising out of or otherwise based upon the performance in good faith of any of the Adviser's duties or obligations under this Agreement or otherwise as an investment adviser of the Company. The Company's indemnification of the Indemnified Parties shall, to the extent not in conflict with such insurance policy, be secondary to any and all payment to which any Indemnified Party is entitled from any relevant insurance policy issued to or for the benefit of the Company and its affiliates or any Indemnified Party. The Company's indemnification of the Indemnified Parties shall also be secondary to any payment pursuant to any other indemnification obligation of any other relevant entity or person, including under any insurance policy issued to or for the benefit of such other entity or person, in all cases, to the extent not in conflict with the applicable other indemnification or insurance contract. In the event of payment by the Company under this Agreement and pursuant

to its indemnification obligations, the Company shall be subrogated to the extent of such payment to all of the rights of recovery of any Indemnified Party, including the rights of the Indemnified Parties under any insurance policies.

(b) For any claims indemnified by the Company under Section 8(a) above, to the fullest extent permitted by law, the Company shall promptly pay expenses (including legal fees and expenses) incurred by any Indemnified Party in appearing at, participating in or defending any action, suit, claim, demand or proceeding in advance of the final disposition of such action, suit, claim, demand or proceeding, including appeals, within 30 days after receipt by the Company of a statement or statements from the Indemnified Party requesting such advance or advances from time to time. Each Indemnified Parties hereby undertakes to repay any amounts advanced on its behalf (without interest) to the extent that it is ultimately determined that the Indemnified Party is not entitled under this Agreement to be indemnified by the Company. Such undertaking shall be unsecured and accepted without reference to the financial ability of the Indemnified Parties to make repayment and without regard to the Indemnified Parties' ultimate entitlement to indemnification under the other provisions of this Agreement. No other form of undertaking shall be required of the Indemnified Parties other than the execution of this Agreement.

(c) Notwithstanding the above provisions of ~~this Section 8 of this Agreement~~, nothing contained herein shall protect or be deemed to protect the Indemnified Parties against or entitle or be deemed to entitle the Indemnified Parties to indemnification in respect of, any liability to the Company or its security holders to which the Indemnified Parties would otherwise be subject by reason of willful misfeasance, bad faith or gross negligence in the performance of the Adviser's duties or by reason of the reckless disregard of the Adviser's duties and obligations under this Agreement (as the same shall be determined in accordance with the Investment Company Act and any interpretations or guidance by the SEC or its staff thereunder).

9. Effectiveness, Duration and Termination of Agreement.

(a) This Agreement shall become effective as of the first date above written. The provisions of Section 8 of this Agreement shall remain in full force and effect, and the Adviser shall remain entitled to the benefits thereof, notwithstanding any termination of this Agreement. Further, notwithstanding the termination or expiration of this Agreement as set forth in this Section 9, the Adviser shall be entitled to any amounts owed under Section 3 through the date of termination or expiration and Section 8 shall continue in force and effect and apply to the Adviser and its representatives as and to the extent applicable.

(b) This Agreement shall continue in effect for two years from the date hereof and thereafter shall continue automatically for successive annual periods, provided that such continuance is specifically approved at least annually by the vote of the Board and by the vote of a majority of the Company's Directors who are not parties to this Agreement or "interested persons" (as such term is defined in Section 2(a)(19) of the Investment Company Act) of any such party, in accordance with the requirements of the Investment Company Act.

(c) This Agreement may be terminated at any time, without the payment of any penalty, upon 60 days' written notice, by the vote of a majority of the outstanding voting securities of the Company, or by the vote of the Company's Directors or by the Adviser.

(d) This Agreement will automatically terminate in the event of its "assignment" (as such term is defined for purposes of Section 15(a)(4) of the Investment Company Act).

10. Notices.

Any notice under this Agreement shall be given in writing, addressed and delivered or mailed, postage prepaid, to the other party at its principal office.

11. Amendments.

This Agreement may be amended by mutual consent, but the consent of the Company must be obtained in conformity with the requirements of the Investment Company Act.

12. Entire Agreement; Governing Law.

This Agreement contains the entire agreement of the parties and supersedes all prior agreements, understandings and arrangements with respect to the subject matter hereof. This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without giving effect to the choice of law principles thereof, and in accordance with the applicable provisions of the Investment Company Act. To the extent the applicable laws of the State of Delaware, or any of the provisions herein, conflict with the provisions of the Investment Company Act, the latter shall control. To the fullest extent permitted by the Investment Company Act and the Advisers Act, as amended, the sole and exclusive forum for any action, suit or proceeding with respect to this Agreement shall be a federal or state court located in the State of Delaware, and each party hereto, to the fullest extent permitted by law, hereby irrevocably waives any objection that it may have, whether now or in the future, to the laying of venue in, or to the jurisdiction of, any and each of such courts for the purposes of any such action, suit or proceeding and further waives any claim that any such action, suit or proceeding has been brought in an inconvenient forum, and each party hereto hereby submits to such jurisdiction and consents to process being served in any such action, suit or proceeding, without limitation, by United States mail addressed to the party at its principal office.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed on the date above written.

ANNEX A
EXAMPLES OF INCENTIVE FEE CALCULATION

Example 1: Income Related Portion of Incentive Fee (*):

Alternative 1 - Assumptions

Investment income (including interest, dividends, fees, etc.) = 1.25%.
Hurdle rate⁽¹⁾ = 1.50%.
Management fee⁽²⁾ = 0.375%.
Other expenses (legal, accounting, custodian, transfer agent, etc.)⁽³⁾ = 0.20%.
Pre-incentive fee net investment income
(investment income – (management fee + other expenses)) = 0.675%.
Pre-incentive net investment income does not exceed hurdle rate, therefore there is no incentive fee.

Alternative 2 - Assumptions

Investment income (including interest, dividends, fees, etc.) = 2.30%.
Hurdle rate⁽¹⁾ = 1.50%.
Management fee⁽²⁾ = 0.375%.
Other expenses (legal, accounting, custodian, transfer agent, etc.)⁽³⁾ = 0.20%.
Pre-incentive fee net investment income
(investment income – (management fee + other expenses)) = 1.725%.
Incentive fee = 17.5% × pre-incentive fee net investment income, subject to the “catch-up”⁽⁴⁾
= 100% × (1.725% - 1.50%)
= 0.225%.

Alternative 3 - Assumptions

Investment income (including interest, dividends, fees, etc.) = 4.00%.
Hurdle rate⁽¹⁾ = 1.50%.
Management fee⁽²⁾ = 0.375%.
Other expenses (legal, accounting, custodian, transfer agent, etc.)⁽³⁾ = 0.20%.
Pre-incentive fee net investment income
(investment income – (management fee + other expenses)) = 3.425%.
Incentive fee = 17.5% × pre-incentive fee net investment income, subject to “catch-up”⁽⁴⁾
Incentive fee = 100% × “catch-up” + (17.5% × (pre-incentive fee net investment income – 1.82%)).
Catch-up = 1.82% – 1.50%.
= 0.32%
Incentive fee = (100% × 0.32%) + (17.5% × (3.425% – 1.82%))
= 0.320% + (17.5% × 1.605%)
= 0.320% + 0.281%
= 0.601%.

Notes:

(*) The hypothetical amount of Pre-Incentive Fee net investment income shown is expressed as a rate of return on the value of the Company's total Net Assets.

(1) Represents 6.00% annualized hurdle rate.

(2) Represents 1.50% annualized management fee.

(3) Excludes organizational and offering expenses.

(4) The “catch-up” provision, as described in Section 3(b)(i)(A)-(C) above, is intended to provide the Adviser with an incentive fee of approximately 17.5% on all of the Company's Pre-Incentive Fee net investment income as if a hurdle rate did not apply when the Company's net investment income exceeds 1.82% in any calendar quarter. The “catch-up” portion of our pre-incentive fee net investment income is the portion that exceeds the 1.5% hurdle rate but is less than or equal to approximately 1.82% (that is, 1.5% divided by (1 – 0.175)) in any calendar quarter.

Example 2: Capital Gains Portion of Incentive Fee:

Alternative 1 - Assumptions

- Year 1: \$20 million investment made in Company A (“Investment A”), and \$30 million investment made in Company B (“Investment B”).
- Year 2: Investment A sold for \$50 million and fair market value (“FMV”) of Investment B determined to be \$32 million.
- Year 3: FMV of Investment B determined to be \$25 million.
- Year 4: Investment B sold for \$31 million.

The capital gains portion of the incentive fee, if any, would be:

- Year 1: None.
- Year 2: \$5.25 million capital gains incentive fee, calculated as follows:
\$30 million realized capital gains on sale of Investment A multiplied by 17.5%.
- Year 3: None, calculated as follows:⁽⁵⁾
\$4.375 million cumulative fee (17.5% multiplied by \$25 million (\$30 million cumulative capital gains less \$5 million cumulative capital depreciation)) less \$5.25 million (previous capital gains fee paid in Year 2).
- Year 4: \$175,000 capital gains incentive fee, calculated as follows:
\$5.425 million cumulative fee (\$31 million cumulative realized capital gains (\$30 million from Investment A and \$1 million from Investment B) multiplied by 17.5%) less \$5.25 million (previous capital gains fee paid in Year 2).

Alternative 2 - Assumptions

- Year 1: \$20 million investment made in Company A (“Investment A”), \$30 million investment made in Company B (“Investment B”) and \$25 million investment made in Company C (“Investment C”).
- Year 2: Investment A sold for \$50 million, FMV of Investment B determined to be \$25 million and FMV of Investment C determined to be \$25 million.
- Year 3: FMV of Investment B determined to be \$27 million and Investment C sold for \$30 million.
- Year 4: FMV of Investment B determined to be \$35 million.
- Year 5: Investment B sold for \$20 million.

The capital gains portion of the incentive fee, if any, would be:

- Year 1: None.
- Year 2: \$4.375 million capital gains incentive fee, calculated as follows: 17.5% multiplied by \$25 million (\$30 million realized capital gains on sale of Investment A less \$5 million unrealized capital depreciation on Investment B).
- Year 3: \$1.225 million capital gains incentive fee, calculated as follows:
\$5.6 million cumulative fee (17.5% multiplied by \$32 million (\$35 million cumulative realized capital gains less \$3 million unrealized capital depreciation)) less \$4.375 million (previous capital gains fee paid in Year 2)
- Year 4: \$525,000 capital gains incentive fee, calculated as follows:
\$6.125 million cumulative fee (17.5% multiplied by \$35 million cumulative realized capital gains) less \$5.6 million (previous cumulative capital gains fee paid in Year 2 and Year 3)
- Year 5: None
